

Case Study

Frisco Independent School District

The *WHO*.

Frisco Independent School District (Frisco ISD)

The *WHAT*.

Everyone's problem is unique.

- Noncompliance → Staff routinely not wearing appropriate slip-resistant footwear.
- Workflow disruptions → Staff regularly required to leave work due to noncompliance, resulting in lower productivity.

The *HOW*.

We listened, heard their specific needs and designed a solution.

- A custom shoe program
- Quick and easy setup
- A user-friendly website, catalogs and posters featuring pre-approved styles
- Multiple ways to shop
- Pre-approved styles with an easy purchasing process

The *RESULTS*.

100% employee compliance. After starting an SR Max® slip-resistant shoe program, Frisco ISD employees were able to easily purchase comfortable slip-resistant shoes that performed well. Supplying employees with the right slip-resistant shoes helped prevent disruptions and helped set a standard for safety practices across the organization.

employee
compliance

IN THEIR OWN WORDS

Frisco ISD

“Our communication with SR Max® has been exemplary from the outset and continues to be outstanding, thanks to their exceptional team. SR Max's customer-driven approach is evident in the level of service they offer. Their commitment to ensuring our needs are met and that we have the right footwear solutions for our staff has been consistent and highly appreciated. This level of dedication and focus on customer satisfaction sets SR Max® apart and reinforces our confidence in their products and services.”

SR Max Slip-Resistant Shoe Company is focused on equipping employers and their teams with hassle-free custom safety footwear solutions that reduce workplace injuries, keep employees feeling safer on the job and take safety managers out of the shoe business.
